UNIFIED SECURITY GATEWAY

Solution beyond UTM

About AnexGATE

- Who are we ?
 - Headquartered in Bangalore with branches throughout India, we focus on designing, developing and marketing network security products for SME, SMB and SOHO Networks
 - 100+ customers across multiple industry verticals
 - 1000+ deployed locations
 - Support team with strong domain expertise
 - RMA centers throughout India
- What we do?
 - We help **Connect, Secure and Manage** your distributed enterprise, Doing so, we:
 - Help increase productivity of business transactions over distributed locations
 - Help secure your business data from Hackers and Viruses
 - Help lower your overall IT investment
 - Help lower your ISP bandwidth costs, and maintain ISP SLAs
 - Help you track and manage your IT assets
 - Help reduce down time with proactive alerts, reports and means to do remote troubleshooting
 - **With our solutions being highly cost-effective, feature-rich and well integrated through a Single Console for all functions, we provide a significant and ongoing Return On your Investment!**

Complete Integrated Internet Solution

AnexGATE

Connectivity.Security.Productivity.Manageability

Monitors, safeguards, displays, detects, blocks, scans, alerts, logs, views, reports all network traffic

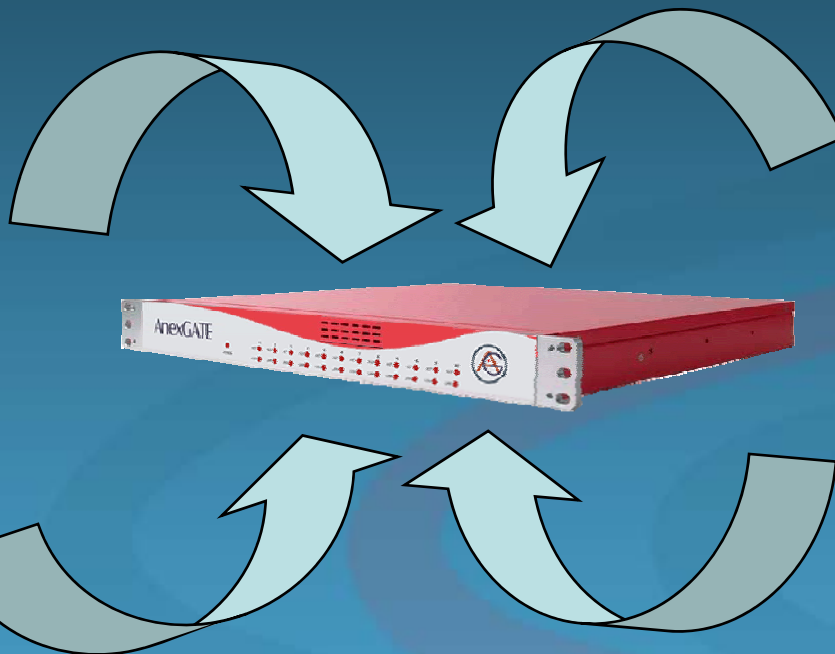

AnexGATE's Single Window approach

Security

- Advance Stateful Packet Inspection & Application layer firewall .
- Intrusion Detection engine
- IP & Mac address based filtering
- Time based rule & policy based routing
- Gateway Antivirus & AntiSpam
- Web content filtering.

Connectivity

- Multiple Wan support with Failover & load balancing.
- Provides inexpensive branch offices & Mobile user connectivity using VPN over public network
- Provide Web server Access over SSL VPN.
- Ensure Data integrity and tunnel authentication.

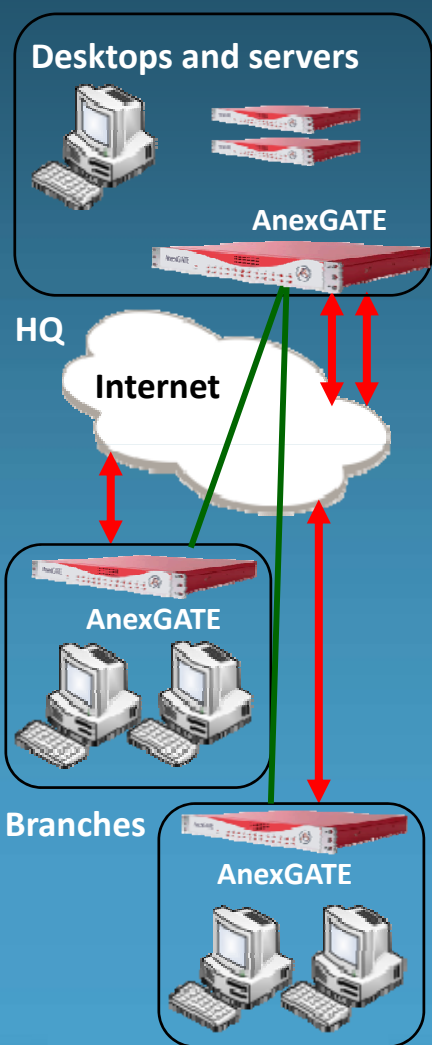

Productivity

- Application proxy with web cache engine .
- Multi domain Email server with LDAP support -saves licensing cost
- Inbound and Outbound QoS
- State of the art clustering technology for maximum scalability and reliability
- VoIP & Video conference support
- DHCP & DNS services .

Manageability

- Simple GUI & easy to use ,install, Manage ,administer with no dedicated network engineer
- Discover your LAN assets by using inventory management
- Authentication-Local, active directory ,LDAP
- Integrated graphical reports provide extensive information about network traffic , resource utilization ,current system status, detected intrusions and much more.

AnexGATE Unified Security Gateway

Monitoring and reporting
Single console management

Add-ons

- * Mail, FTP and IM server
- * IT Inventory management
- * Network forensic
- * Data backup
- * VoIP and IP-PBX
- * Primary domain controller (PDC)
- * WiFi access control, and billing
- * Virtualization support
- * Hardware redundancy and failover

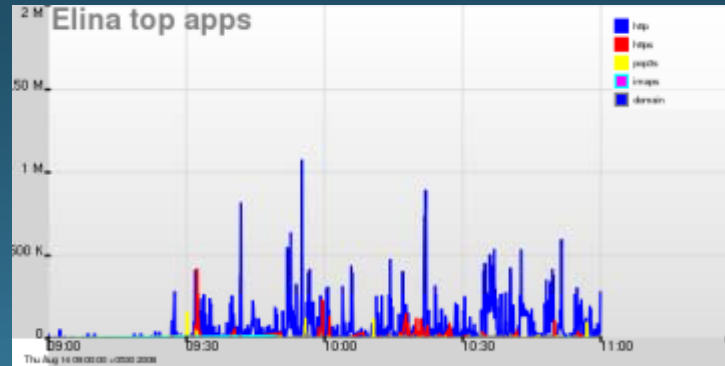

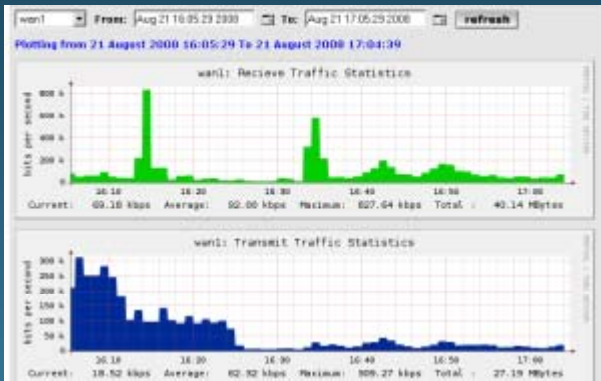

Security

- * Stateful Firewall
- * Proxy servers (web, mail, FTP, IM)
- * Inline Anti-Virus and Anti-Spam
- * VPN (SSL, IPSec, PPTP)

Connectivity

- * Load balance and Failover
- * Policy routing
- * QoS and Bandwidth management
- * ISP, technology agnostic connectivity

Intelligent reporting & dashboards

✿ Make networks more resilient

✿ Visibility and control into network usage

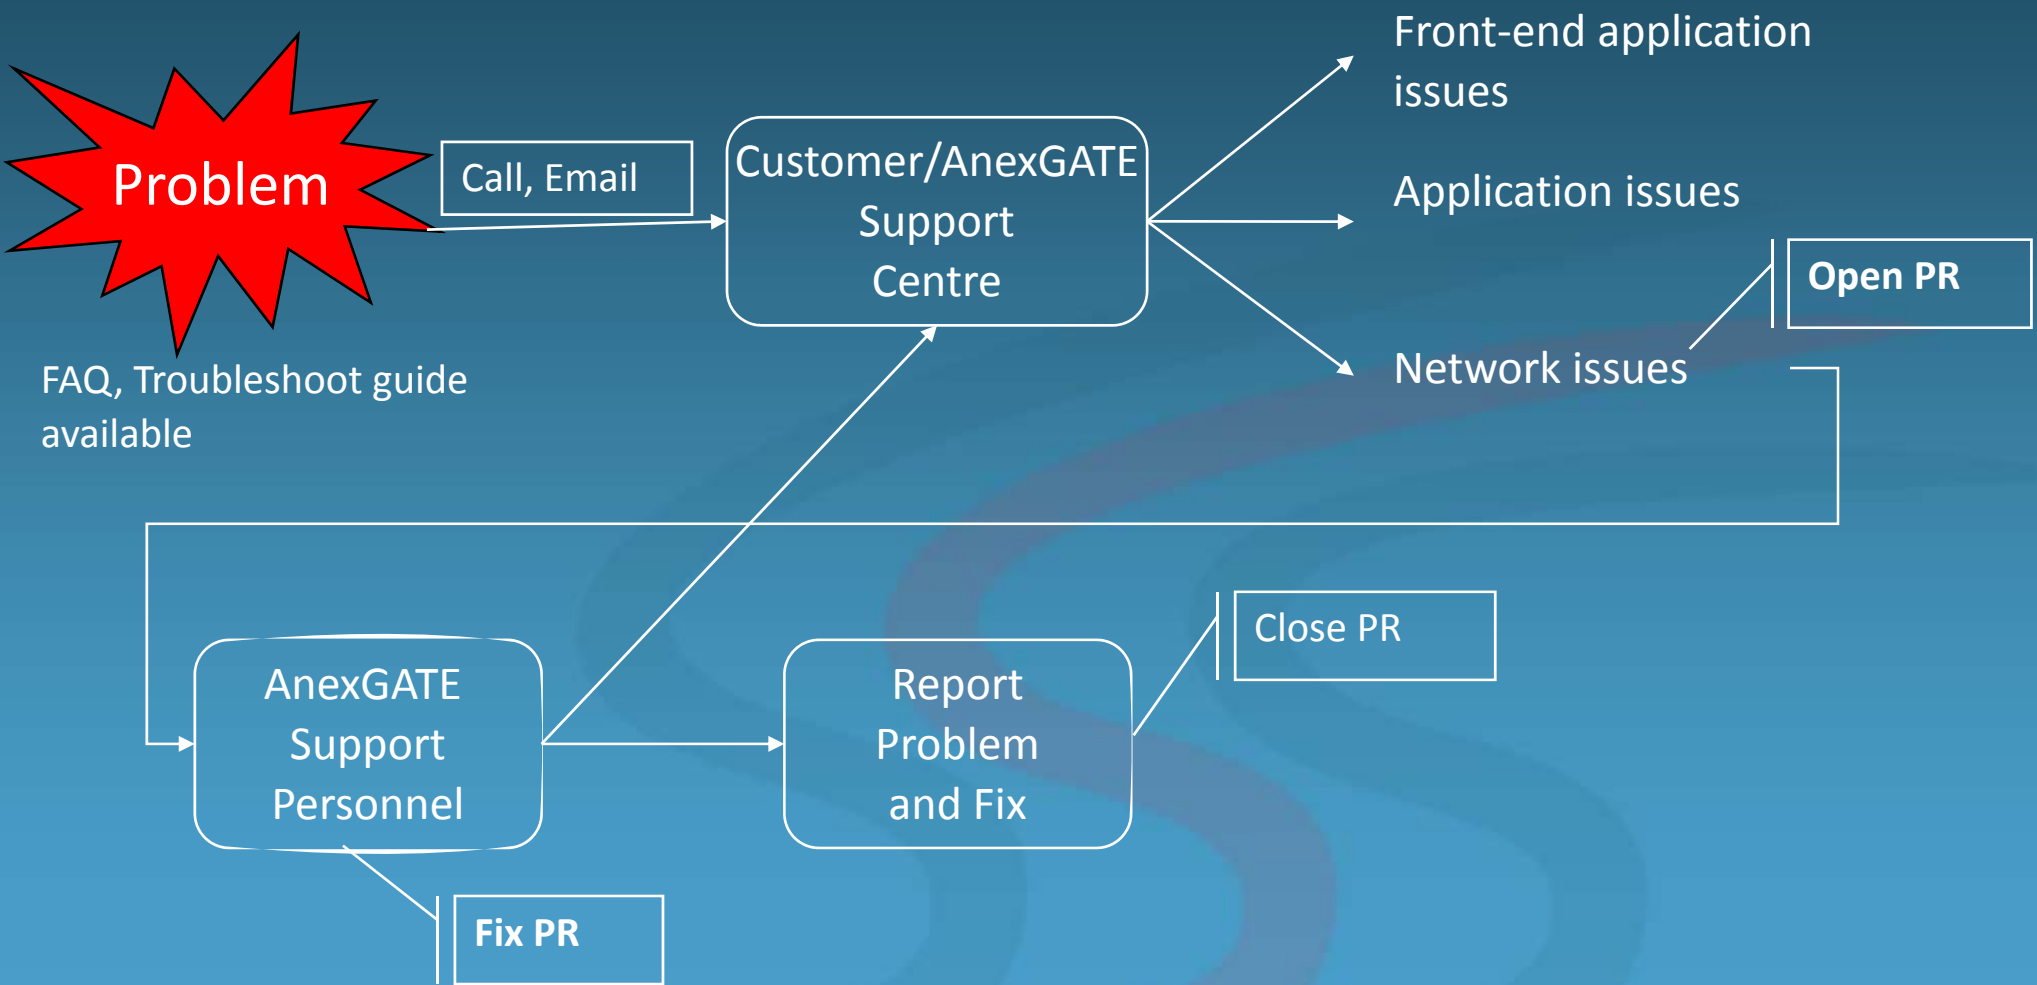

✿ Manage and provide IT support centrally

✿ Reduce Capex and Opex

AnexGATE Value Proposition

- AnexGATE offers superior security to enterprises – “**Hacker and Virus free**” environment
- AnexGATE solution offers unparalleled manageability and increases business productivity and robustness with **near zero escalations and very high up-times!**
- Superior SLA management and network usage views and reports to enable **maintenance and scalability of the network and its components remotely!**
- AnexGATE solution future proofs your investment and provides an excellent ROI
 - **Earn recurring revenues \$\$\$\$ year after year!**
 - **No additional investments for security updates and patches**
 - **No additional investments for scaling within a branch**
 - **Add-on features for the enterprise (data backup, VoIP, Instant Messaging, Email, Inventory Management and much more) can be enabled without hardware or software footprint**
- AnexGATE: Your trusted vendor
 - **Strong customer testimonials!**
 - **Strong team with significant domain expertise!**
 - **AnexCare services with almost ZERO customer escalations!**
